Band Parents,

Below is a list of GC High School band students who are approved by the director to give lessons to Elementary band students. All of these students are upperclassmen who were selected last year for All-District or All-State band.

Taking lessons is a great way for your band student to improve, get ahead, and be challenged. It is helpful to any student whether they are having trouble, on track, or ahead. If you would like to sign your student up for lessons, please contact me at the numbers above or by e-mail to set up a day and time for your student's lesson.

Thanks,
Ellis Shelby
